

## How to Start a Faculty Course Proposal (FCP)

- 1) Log on to learningassistantalliance.org and select "LA Campus" on top
- 2) On the Left Hand Menu, select "Course Proposals", then "Start Course Proposal"
- 3) Select "Start New Proposal" or "Use Existing Proposal" and follow the prompts.

The FCP is central to the overall LA recruitment and hiring process in LA Campus. It is designed to help you plan for how to best incorporate LAs into your active learning components, optimizing LA time and fostering student engagement.

You will be able to duplicate and edit this proposal in subsequent terms.

The FCP is the basis for students' applications, and the Recruitment Message will feature prominently.

NOTE: LA Campus recently re-configured the FCP's course components, and FCPs created prior to September 2020 are no longer compatible for the "Use Existing Proposal" option. However, you can still access them and copy-paste whatever wording you'd like to re-use!

## Student to LA Ratio

Your LA program may recommend an appropriate Student to LA ratio depending on your context.

Faculty Co	urse Proposal: CHEM 1001 - Gen Chem 1	
< Previous	Student to LA Ratio Next >	Save
Student to LA You have indicated that yo Please tell us your desired 3 Learning A	u have <b>65</b> students. number of LAs. Learn More	
	of 22:1 provide a brief rationale for why this number is appropriate.	
This student/LA ratio is r	asonable because	

Once you state how many LAs you are requesting, this box lets you know whether or not this is in line with your LA Program's guidelines.

Should it be outside the recommended range, you will still be able to continue and submit the FCP.

## **Faculty Information**

Indicate classroom instructors and information on who will meet with LAs

Faculty Co	irse Proposal: CHEM 1001 - Gen Chem 1	
< Previous	Faculty Information   Next > Save	
UNKNOWN INSTRUCTO     Alford, Jerome     Allison, Lane	course. Indicate the role(s) of each as a course instructor or running weekly LA preparation sessions (or both if either role is unassigned to a faculty member.	).
Booker, Scarlet Campos, Callum	Classroom Meets with Instructor? LAs	
Tyler, Kelly dd another faculty	▲ Select ▼ Select ▼	
	No	_

For multiple instructors, state all and specify their roles. Please indicate who will meet with the LAs! Collaborative course preparation is a key aspect of the LA Model.

Everybody listed here can edit this FCP. This facilitates collaboration between faculty and/or Department or Program Coordinators.

## Save your progress and submit FCP at a later time

Once you input Course Information, Student/LA Ratio, and Faculty Information, you can save your progress and continue at a later time.
